

Open House held on for TERO project home renovation

The Housing Authority of the Pawnee Tribe and the Pawnee Nation Tribal Employment Rights Office (TERO) Program celebrate the completion of a recent home renovation.

Modifications were unveiled during an open house held Monday, Jan. 23, at 124 Mose Yellowhorse Drive. Refreshments from Subway and Simple Simon's Pizza were provided.

This project is part of the TERO Program Residential Remodel and

Repair Program (RRRP) designed to improve the living conditions of Tribal members while training young men in construction type techniques that will help them establish successful careers.

The Pawnee Nation Housing Authority provided TERO with the project house. TERO enrolled six young men in this training program with Sonny (Arthur) Fields as the instructor. Skills gained include sheet rocking, hanging, mud and taping, texturing, painting and flooring.

"One of the main objectives of TERO involves providing training and assistance to unemployed Tribal members," said Dan Fields, TERO compliance officer. "The RRRP is one way TERO accomplishes that objective and supports the entire Pawnee Tribe."

TERO invites any enrolled member with housing projects to contact the TERO office at (918) 762-3227.
